

HI DHS APPROVED ONGOING TRAINING LIST

For Resource Caregivers

Effective January 1, 2013

This list is adapted from and with permission from the Indiana Department of Child Services (DCS)
The DCS document was entitled “Approved Alternative In-Service Training List”

The Hawai'i Department of Human Services (DHS) requires *each resource family* to successfully complete 6 hours of training annually following completion of their initial licensure. The six hours of training can be fulfilled by attending in-person “traditional” trainings or training alternatives as listed below. In addition, there may be situations where a DHS social worker will require a specific training for specific situations (eg., needs of child in placement --age, special needs, etc.).

Training means planned and organized activity designed to impart skills, techniques and methodologies to a resource caregiver or a group to assist: 1) in maintaining the safety, stability and well-being of children in foster care who reside in their home; 2) and in embracing and supporting the birth family towards reunification or placement with relatives and maintaining connections with family and culture; 3) and to provide support to the resource family. Training must be relevant to the foster care process; meeting the emotional, cultural, developmental, physical, educational, special needs of the child/youth in their care; supporting, mentoring, engaging the birth family; working as a team; impact of fostering has on the resource family; etc. Guidance is provided by DHS-CWS Licensing Units. Training Requirements are to be in compliance with Federal and State Laws, Hawaii Administrative Rules, and/or Department of Human Services-Child Welfare Services Procedures. Also, the overarching framework for the trainings is the Child Welfare Services Family Partnership and Engagement Practice Model.

Training hours may not be accepted if they are not on the Approved Training list or approved by DHS Licensing Worker. If training is available that will help caring for the foster child/ren and their families, but it is not on this list, check with Licensing prior to taking the training to request approval for credit hours.

COSTS: Resource Families are to participate in the FREE trainings provided by DHS contracted providers or other contractor/community resources, other approved alternative training methods, OR at one's own expense.

The following steps are to be taken when fulfilling the training hour requirement:

1. Verify that the training activities are on the DHS Approved Training list, and that they are free or at the cost of the resource caregiver;
2. Contact Licensing Worker to request approval of any training activities that are not on this list (resource caregiver to provide training materials for approval to social worker);
3. For any in-person “traditional” trainings: Submit to Licensing any Certificate of Completion of & keep a copy for one's own records;

4. For Alternative Training Methods (see list below for alternatives to in-person, “traditional” trainings): If no certificate of completion is given, complete and submit to Licensing a Training Verification form & keep a copy for one’s own records;
5. The Licensing Worker will maintain documentation at the licensing unit.

Please note that federal, state and county laws, policies, and procedures take precedence over any information found within these materials or at the approved web sites listed.
